NOVELTIES

One can't buy real good novelties just when one gets it in his mind. When real good novelties are offered, one has to act at once, and you can't afford to say: "Oh, well, I'll attend to that later or when I have more time." The money-making end of buying novelties is at the time they are offered first, because many think of buying and they really want to buy, but they simply do not act at once. They let it slip and of course forget all about it until another year goes by, then they see it somewhere in a show or in a nursery, and there they are. Those who acted at once are ahead of them, both in wholesale and retail trade.

Now do not do this; don't let it slip off your mind, do not even give a thought to letting it slip by the slightest chance, but act at once and order before the stock is sold out; before you forget or before others get ahead of you.

We are sole distributors for the U. S. A. and Canada by special arrangement with Messrs. C. G. Sliedrecht, & Co., Inc., Boskoop, Holland, of the following 1926 Novelties, which are offered for the first time now for Fall, 1926, delivery, in strong, field grown plants.

Two New Polyantha Roses

Locarno (1926). Color, orange red, most beautiful tint. Flowers of good size, which open well in all weather and don't get sunburned. Habit: Is a very good grower, makes bushy plants and almost mildewproof, huge trusses of blooms. Awarded **Gilt Silver Medal**, Rose Show, The Hague, Holland, July 17, 1926.

Golden Salmon (1926). Color, pure orange (just think of this). Flowers of good size, open well in all weather; don't get sunburned; huge trusses of blooms and mildewproof. Habit: Excellent grower, makes strong, bushy plant. Awarded **Award of Merit**, Chelsea Show, May, 1926, London, England; **Gold Medal**, Rose Show, The Hague, Holland, July 17, 1926.

Locarno and Golden Salmon have been on long trials as for forcing and massing qualities and they have proved **A-1** in both ways. Prices: 100 or less, \$2.00 each; more than 100, \$1.50 each.

Two New Pyrethrum Hybrids

White Giant (1926). Fine double, large sized, snow-white flowers which are carried by strong and erect stems.

Progression (1926). Extra fine double flowers, bright mauve color, strong and erect stems.

Both varieties are 1926 novelties, obtained First Class Certificates at Amsterdam, Holland.

Strong plants: Less than 100, \$1.50 each; more than 100, \$1.00 each.

Further, we offer some

Fine New Delphinium Hybrids

Van Veen's Triumph. Delicate light Ageratum blue-pink colors. The round shape of the flowers is different from that of other varieties and more like a Lily; size of the flowers are 3 inches across. The flower spikes spread wide out and have a medium length of 16 inches; strong, straight stems to a length of 40 inches. Strong and very healthy grower; flower twice a year. Awards: **2 First Class Certificates, 2 Silver Medals, 1 Gilt Silver Medal.** Strong field grown plants: 100 or less, \$1.00 each; more than 100, \$80.00 per 100.

PLEASE NOTE: Orders on all novelties are taken and reserved until Special Permit number is in my possession. You have to apply for Special Permit yourself to the Federal Horticultural Board, Washington, D. C. Goods are offered subject to being unsold in Holland. 50 per cent cash to be sent with order and 50 per cent within 7 days after arrival of goods. Goods travel at purchaser's risk and expense. Packing added extra at cost.

Fine New Delphinium Hybrids

(Continued)

Helium. This is a sport of Van Veen's Triumph, with the same shape of flowers and the same growth. The color is bishop's violet with blue-black petals. It is an unknown color in Delphiniums and a very important acquisition. Strong plants: 100 or less, \$2.00 each; more than 100, \$180.00 per 100.

Blue Star. Another beauty in the Larkspur family. The large flower panicle is remarkable for its bright sky-blue color and for its extra large flowers. Strong plants: 100 or less, \$2.00 each; more than 100, \$180.00 per 100.

ASTER amellus lilacina. The new, very telling color of these flowers is very light porcelain blue; flowers perfectly formed; stems 3 ft. high. **Award of Merit**, Royal Dutch H. Soc. Strong plants, \$4.00 each.

ASTER amellus King Solomon. This variety has very large flowers, well formed, of a pure violet color; stems very strong, 3 ft. long, with very large flower umbles. **Award of Merit**, Royal Dutch H. Soc. Strong plants, \$4.00 each.

ASTER amellus Empress. A very beautiful Aster amellus with large light blue flowers. Color very striking; rich flowering; very decorative. Strong plants, \$12.00 per doz.

ASTER amellus, King of Autumn. An excellent half high, pretty Aster, large flowers of pale lilac violet color. Strong plants, \$12.00 per doz.

ERIGERON speciosa grandesse. Very large flat flowers, color campanula violet, on straight, strong stalks with glossy dark green leaves. Cut flowers keep singularly long. **Award of Merit**, Royal Dutch H. Soc. Strong plants, \$8.00 per doz.

GEUM Hybrid Princess Juliana. A vigorous growing, richly flowering plant with large double pure orange flowers on long stalks. A first-class trade plant; excellent for rockeries and borders. Awarded **Silver Medal**, International Bulb Show, Heemstede, 1925; **First Class Certificate**, Royal Dutch H. Soc.; **Certificate of Merit**, Royal Bulb Soc. Strong plants, \$12.00 per doz., \$80.00 per 100.

PHLOX decussata Smiles. A splendid effective, brilliant dark pink Phlox with dark red eye; flowers more than 1½ inch wide; vigorous grower with enormous flower tufts. **Award of Merit**, Royal Dutch H. Soc. Strong plants, \$8.00 per doz.

*In ORNAMENTAL TREES we can offer a few Novelties
which no doubt will be of great interest to you.*

CUPRESSUS LAWSONIANA FLETCHERI

This is quite a new break in the Lawsoniana type. Grows vigorous, makes a fine shaped and well covered tree, has a beautiful blue shade. Price: for 1 ft. plants, \$36.00 per doz., \$100.00 per 50.

VIBURNUM CARLESI

Very fragrant, easy to force, free flowering. Open ground grown plants, about $\frac{1}{2}$ foot high. \$24.00 per doz., \$75.00 per 50.

GENISTA (Cytisus) CORNISH CREAM

Good sized flowers with cream-colored standards and pure yellow on the keel which gives a distinct and attractive appearance to the blooms. Award of Merit, Royal Horticultural Society, Chelsea Show, London, England, May 8, 1923. A grand novelty. Pot-grown plants, \$24.00 per doz.

GENISTA (Cytisus) OSBORNI

Golden yellow in the bud. Full opening to a delightful pale yellow, very free flowering and distinct; a pretty novelty. Flowers a little later than Praecox. Pot-grown plants, \$24.00 per doz.

GENISTA (Cytisus) DONARDS SEEDLING

A pleasing pink color. Pot-grown plants, \$24.00 per doz.

GENISTA (Cytisus) DOROTHY WALPOLE

Award of Merit, Chelsea Show, London, England. Large, deep pink flowers of a deeper color than the well-known Dallemorei. Pot-grown plants, \$36.00 per doz.

RHODODENDRON, PROF. HUGO de VRIES

Deeper pink than Pink Pearl. Retains its color better. Fine novelty. Two year plants, \$48.00 per doz.

RHODODENDRON UNKNOWN WARRIOR

Large rose red, good grower, beautiful introduction, worthy of its name. Two year plants, \$72.00 per doz.

RHODODENDRON BRITTANNIA

Scarlet crimson, Gloxinia-shaped flowers. Two year plants, \$72.00 per doz.

These three Rhododendron hybrids are all of the greatest merit and have been introduced only two years ago.

CERASUS (Double Flowering Cherry) SHIDARE SAKURA

The best double pink Cherry of weeping habit. Finest of all for standards and half standards. (See "Chinese Wilson's" Aristocrats of the Garden). Young pyramids, \$24.00 per doz.; one year grafts, \$15.00 per doz.

CERASUS HISAKURA WHITE

The white form of Hisakura. Young plants, \$24.00 per doz.

CRAB APPLE (Pyrus Malus Eleyi)

This is the best hardy flowering shrub introduced during the last year. The young shoots are dark red, while the foliage is of a nice, deep color all the Summer through. Is very free flowering. Blossoms are of deep wine-red color on the inside as well as on the outside, flower petals of the same brilliant red, so that even when in full bloom the effect is very striking. In the Autumn the plant is covered with purple-red little Apples, which are brighter than those of the Niedzwetkyana. One-year-old plants, \$12.00 per doz., \$45.00 per 50.

PRUNUS BLIREIANA

Foliage of a deep red-like Prunus pissardi. The blooms are bright double pink, good sized blooms, at least twice as large as the blooms of the pissardi. A very attractive novelty, which no grower can do without. Sweetly scented. Young plants, \$12.00 per doz., \$45.00 per 50.

PRUNUS PISSARDI, var. SPAETHI

Is of much deeper, glossy brownish-red foliage than the original pissardi. Makes a beautiful and attractive shrub. Young plants, \$12.00 per doz., \$45.00 per 50.

THE REAL "BOSKOOP" BURLAP

Look at the ball of a plant tied up with a burlap bag or with the real imported "Boskoop" square burlap. Anybody will see the difference. Tied up with the squares the plant has a much better appearance, and not only that, but the ball of the plant will be held much better together when you fasten the knots of the squares well. Another advantage of the imported square burlap is that you can advise your customers to plant the tree with the burlap around the roots as this burlap will rot before the plant starts to make new roots. Don't forget the time you can save by using this kind of burlap in tying up the ball of the plant.

We offer from first arriving shipment:
